OUR MASSAGE THERAPY

is based on Swedish techniques using natural oils. Various therapy techniques will be applied as needed and requested by client such as trigger point, stretches, deep tissue, acupuncture, and reflexology at no additional charge.

The Fuller School has been in operation since 1983. We hold a certificate to operate issued by the Virginia Board of Education. We are a member of the Better Business Bureau and accredited by the National Certification Examination for Therapeutic Massage and Bodywork. We are members of VAMS and AMTA Council of Schools.

Therapeutic Massage is one of the fastest growing professions in the field of natural health care. There is an ever increasing acceptance of massage as a holistic approach to health care and health maintenance. As a result, career opportunities for massage therapists are abundant. The key is proper training in a relaxed and professional atmosphere. Call us for a school catalogue or visit our website at www.advancedfullerschool.com.

Your Session

Your professional massage is more than a backrub. Your massage therapist can find all the muscle soreness that has built up from daily stress, too little or too much exercise. The point of a therapeutic massage is to release that tension, work out the kinks and help your body relax to function at an optimal level. Just lay back and enjoy!
